

# Doc.It® Suite

## INTEGRATES WITH CASEWARE

The integration of Doc.It® Suite with CaseWare results in time savings and increased productivity. Several business benefits of the integration are featured in the list below.

1. Manage CaseWare jobs by viewing status at a glance using Doc.It® Workflow.
2. Open CaseWare files directly from Doc.It® without first opening CaseWare or browsing for them in Windows.
3. File documents in CaseWare using Doc.It® type-ahead technology to immediately access the CaseWare file you need without browsing.
4. Save even more time by filing documents in CaseWare without opening CaseWare.
5. When you have a CaseWare file open, save time by dragging and dropping files between CaseWare and Doc.It®.
6. Use Doc.It® to convert any file in CaseWare to PDF.
7. Edit PDFs in Doc.It®'s full-featured editor without purchasing Adobe Acrobat.
8. Save storage space and time by compressing CaseWare files without opening CaseWare and navigating to them.
9. Doc.It®'s CaseWare Batch Print application resizes spreadsheet columns automatically and creates hierarchical bookmarks.
10. Save time when referencing. Doc.It® displays CaseWare document index numbers inside the Doc.It® PDF Editor.
11. Archived work papers automatically include CaseWare index numbers, resulting in easy navigation.
